DETAILED ACTION

1. This action is responsive to communication filed 11/22/06.

Allowable Subject Matter

2. Claims 1, 2, 3, 4-6, 7-11, 12, 13, 14, 15 and 16 -17 (renumbered claims (1, 3, 5, 7-9, 11-15, 2, 4, 6, 10 and 16-17, respectively) are allowed.

The following is an examiner's statement of reasons for allowance for independent claims 1, 2, 3, 4, 7 and 17. It is well known in the prior art to extract character image during segmentation, prior art also cites subtraction process separating character image from the original image. Once the text is identified OCR is performed. Prior art fails to disclose conducting character recognition on image data, which includes replacing or changing image data, wherein the original image is without character image data. Wherein preprocessing image data for character recognition is performed and converting character image data preprocesses to character code data. Claims 5-6, 8-16 depends on independent claims 1, 2, 3, 4, and 7. Therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
